

## Community 103's Classroom Management System

You will take part in a management system using economics as a basis of earning rewards and a salary, as well as pay taxes, fees and fines based upon your behavior and work habits. You will be responsible for maintaining a virtual checkbook throughout the year. All students will receive a "weekly salary" of \$200 Community 103 money as well as share the Everyday Counts daily depositor funds. You will learn how to balance a checkbook, write checks, pay bills, fees, and fines. There will be many opportunities for you to earn bonus money as a reward for good behavior, good work habits helpfulness, etc. You will be able to use this fictional money at auctions to purchase items you desire or can afford. You will also use this money to purchase pencils, erasers, use the sharpener etc. In the process of maintaining your checkbook, you will learn how to deposit money, write checks, and balance your accounts.
